The South Charlotte Market: A $40M+ Opportunity Untouched

THE COMMUNITY

The Ballantyne–Matthews–Waxhaw corridor is the fastest-growing Indian-American settlement zone in the Southeast. Over **40,000 Indian-American residents** live within a 15-minute drive of the proposed CHCC site — a density comparable to the suburbs of Northern Virginia and the Greater Houston corridor, both of which have supported multiple thriving Hindu community centers for decades.

Despite this density, Charlotte has **zero dedicated, multi-program Hindu community centers.** Events happen in rented church halls, hotel ballrooms, and private driveways. Every cultural program, every yoga class, every Diwali celebration competes for time on a calendar that belongs to someone else.

> **The Wallet Share Insight:** South Charlotte Indian-American households spend an estimated $3,000–$12,000 annually on cultural programming, tutoring, yoga classes, and community events — almost entirely at facilities with no connection to their values. CHCC captures this spending and redirects it into a community-owned institution.

MARKET SNAPSHOT

SOUTH CHARLOTTE DEMOGRAPHICS	
Indian-Americans (est.)	**40,000+**
Greater Charlotte total	**80,000+**
Median HH income	**$140K–$175K**
Advanced degree rate	**72%**
Primary professions	IT, Medicine, Finance
School-age children	High density
Existing CHCC competitor	**ZERO**

WHY SOUTH CHARLOTTE WINS

- **Density:** Highest concentration of Indian households per sq mi in the Carolinas
- **Income:** Purchasing power to sustain premium wellness + education programs
- **Families:** High proportion of children 5–18 — the core Aum School demographic
- **Donors:** Physicians, attorneys, entrepreneurs — ideal Community Loan candidates
- **Zero alternatives:** No authentic Hindu-context yoga studio, Bharatanatyam academy, Ayurvedic clinic, or Gaushala anywhere in Charlotte.

COMPARABLE MARKETS — WHAT PEER CITIES BUILT

CITY / INSTITUTION	INDIAN-AMERICAN POP.	YEAR EST.	ANNUAL REVENUE (YR 5)	OUTCOME
JCC Greater Boston	Comparable	1970	$22M+	Mortgage-free, civic anchor
S3 Gaushala, Memphis	Smaller	2015	$600K+ (single program)	Fully self-sustaining
Keshavam, Washington DC	Larger	2018	$1.2M+ (no facility)	Zero debt

Hindu Temple of NC, Charlotte	Same	1987	$1.8M+	Mortgage retired Year 9
CHCC (projected)	**40,000+ (South Charlotte)**	**2026**	**$3.2M (Year 3)**	**Loan-free by Year 5**

The Revenue Model: 9 Streams, Zero Donation Dependence by Year 3

Core Insight: CHCC is a service business, not a charity. The $2M capital campaign funds the infrastructure. The infrastructure generates recurring revenue. The revenue repays loans, funds operations, and builds endowment. Donations become a growth accelerant — not a survival mechanism.

REVENUE PROJECTIONS BY STREAM

REVENUE STREAM	YEAR 1	YEAR 2	YEAR 3
Aum School Tuition (50→100→200 students)	$400K	$900K	$1,600K
Yoga & Wellness Memberships	$120K	$220K	$350K
Ayurvedic Treatments	$60K	$110K	$180K
Heritage Arts Programs	$80K	$145K	$220K
Gaushala (Meet & Feed, A2 CSA, sponsorships)	$45K	$100K	$180K
Sattvic Food Court & Juice Bar	$90K	$180K	$300K
Vedic Retail Store	$30K	$65K	$120K
Event Rentals	$40K	$90K	$150K
Corporate Wellness Partnerships	$25K	$60K	$100K
Total Earned Revenue	**$890K**	**$1,870K**	**$3,200K**

Projections based on comparable institutions (S3 Gaushala, JCC, Sivananda centers). Aum School tuition set at $8,000/student/year — well below South Charlotte private school average of $14,000–$22,000.

WHY THESE NUMBERS ARE CONSERVATIVE

AUM SCHOOL · $1.6M/YR
$8K/student — 45% below South Charlotte private school avg. Waitlist expected within 6 months of opening.

YOGA MEMBERSHIPS · $350K/YR
$80/month — below Lifetime ($100+) and boutique studios ($150+). 365 members hits target.

GAUSHALA · $180K/YR
S3 Gaushala (Memphis) generates $180K+ from 15 cows & 3 programs. CHCC models on their proven benchmark.

FOOD COURT · $300K/YR
100 covers/day × $9 avg × 330 operating days = $297K. Conservative for a captive community audience.

Aum School alone covers facility lease — 200 students × $8K = $1.6M vs. $240K annual lease. Tuition is CHCC's anchor revenue stream, independent of all other programming.

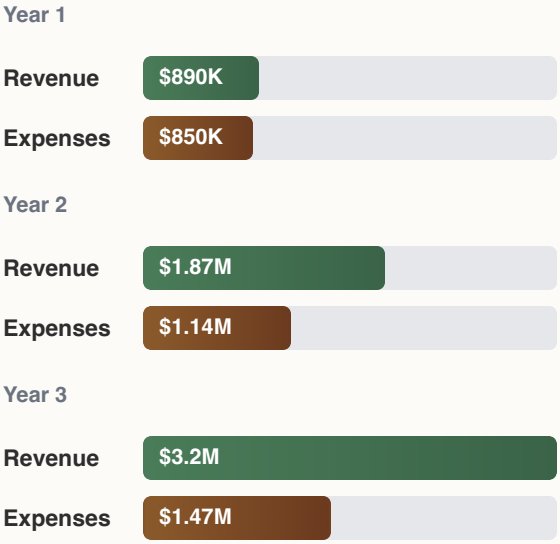
REVENUE VS. EXPENSE GROWTH



By Year 3, CHCC retains **$0.54 of every $1.00 earned** as surplus — a 54% net margin, far exceeding most nonprofits. This surplus repays loans, seeds the endowment, and funds Phase 2 expansion.

Loan Repayment Plan: How Every Dollar Is Returned

The Core Promise: Community loan donors are not making a gift — they are making a financial arrangement backed by CHCC's signed pledge agreement, projected surplus, and board accountability. Every structure is designed for full repayment within the chosen term.

COMMUNITY LOAN STRUCTURES

STRUCTURE	INTEREST	REPAYMENT	TAX BENEFIT
Nishkama (निष्काम) Interest-Free Loan	0%	Full principal at term end (3, 5, or 7 yr)	Forgiven portion only
Moksha Daan (मोक्ष दान) Graduated Forgiveness	0%	CHCC repays $0 — 100% forgiven in annual tranches	Full deduction spread over term
Vriddhi (वृद्धि) 4% Deferred Interest	4% simple	Principal + interest balloon at term end	Convert any time to deductible donation

VRIDDHI REPAYMENT TABLE ($50K / $100K / $150K AT 4%)

AMOUNT	3-YEAR RETURN	5-YEAR RETURN	7-YEAR RETURN
$50,000	$56,000 (+$6K)	$60,000 (+$10K)	$64,000 (+$14K)
$100,000	$112,000 (+$12K)	$120,000 (+$20K)	$128,000 (+$28K)
$150,000	**$168,000 (+$18K)**	**$180,000 (+$30K)**	**$192,000 (+$42K)**

STRESS TEST: 30% REVENUE SHORTFALL

Even if Year 1–3 revenues come in 30% below projections, the cumulative surplus (~$900K) still fully covers Nishkama repayments, with Vriddhi repaid by Year 5.

BOARD ACCOUNTABILITY & DONOR PROTECTIONS

1. Signed pledge agreement (wet or digital signature) with CHCC board countersignature within 10 business days
2. Finance Committee reviews all expenditures over $5,000; independent CPA audit annually
3. Audited financial statements published on CHCC website within 90 days of fiscal year end
4. Vriddhi donors ($100K+) receive Advisory Council seat and quarterly financial reports
5. Capital campaign funds held in a separate restricted account — not commingled with operations
6. If Phase 1 goals not met in 36 months, restricted funds returned to donors upon request

Timeline to Profitability & Risk Analysis

YEAR-BY-YEAR MILESTONES

2025 — YEAR 0

RISK ASSESSMENT

RISK	LEVEL
Aum School enrollment shortfall 40K families nearby; waitlist expected in 6 months	LOW
Wellness revenue below target Pre-launch member drive locks in 200+ at founding rate	LOW
Facility cost overrun $120K operating reserve in capital budget; phased build-out	MEDIUM
Key staff departure Mission-driven hiring; competitive pay; 3-yr principal contracts	LOW
Economic downturn 9 diversified revenue streams; school tuition is "sticky"	MEDIUM
Inability to repay loans $2.5M surplus by Yr 3 covers $900K obligation 2.8×	VERY LOW

The single biggest risk CHCC faces is NOT building this. Every year without a center, 40,000 South Charlotte Indian-Americans age out of cultural connection, children grow up without heritage education, and community wealth flows to institutions that don't serve community values.

THE 5-NUMBER SUMMARY

Capital raised (Phase 1)	$2,000,000
Addressable market (South Charlotte)	~40,000 people
Break-even year	Year 2 (2027)
Cumulative surplus by Year 3	$2,502,000
Loan repayment coverage	2.8× surplus
